SYMBIS ASSESSMENT CONTENT

The 15-page Report, packed with practical and personalized insights, makes this the world's most powerful pre-marriage tool. No need to explain confusing constructs—get straight to what matters most.

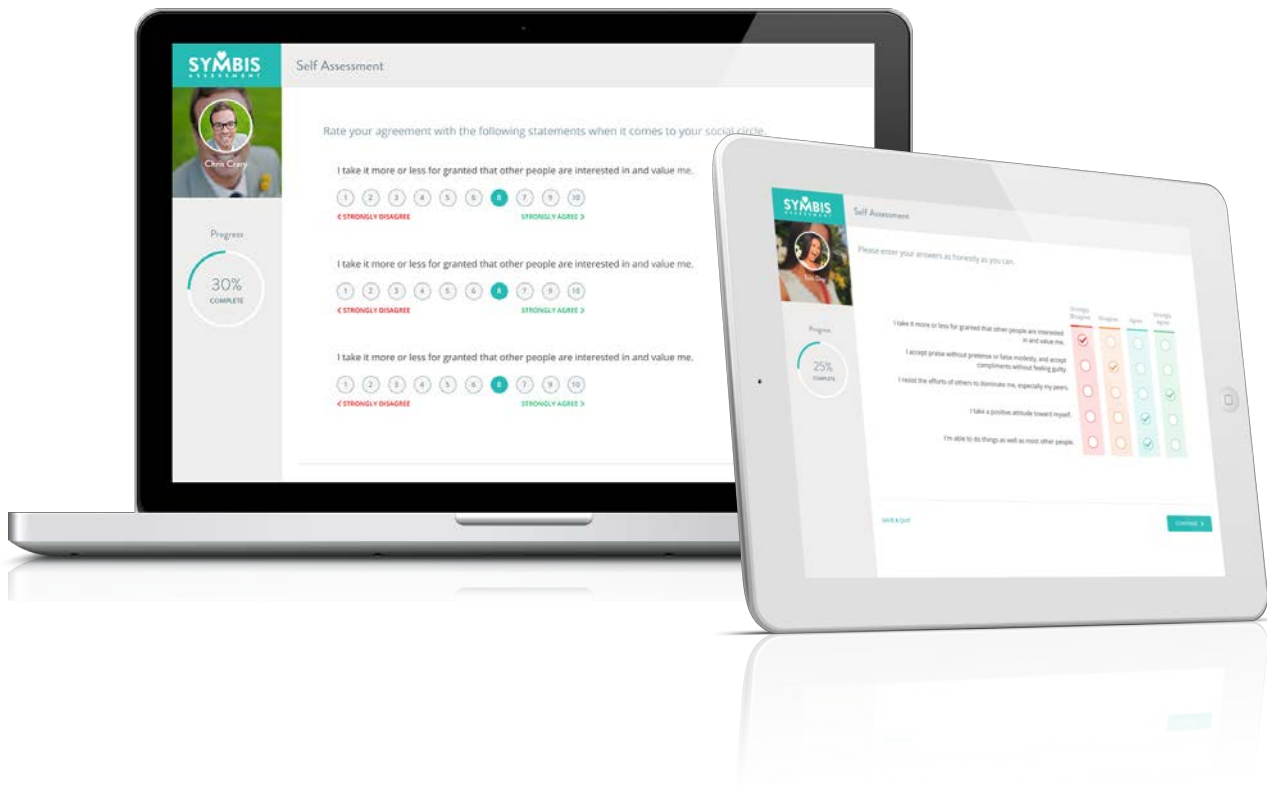

The image shows a sample of the SYMBIS Assessment report overview page for a couple named Toni and Chris. The page is divided into several sections, each with a central icon and two side bars representing individual scores. The sections are:
1. **OVERVIEW: MARRIAGE MOMENTUM**: Features a speedometer icon with a needle pointing to 'HIGH'. Text: 'Congratulations! Your relationship has strong momentum for a growing and thriving marriage. The combination of your mindsets, your psychological health as individuals, and your compatibility as a couple, provides you with promising vitality for lifelong love. Beware, however, this does not exempt you from bumps in the road – that's part of married life. The good news? Your strong momentum puts you in a prime place for maximizing what you'll learn during your SYMBIS Assessment. Use your momentum to get all you can out of this experience.'
2. **MINDSET**: Features a ring icon. Toni has a 'ROMANTIC MINDSET' and Chris has a 'RESOLUTE MINDSET'.
3. **WELLBEING**: Features a leaf icon. Toni has a score of 88% with '3 Caution Flag(s)' and Chris has a score of 97% with '0 Caution Flag(s)'.
4. **CONTEXT**: Features a briefcase icon. Both Toni and Chris have a score of 5 stars.
5. **DYNAMICS**: Features a circular arrow icon. Toni is a 'COOPERATING SPOUSE' and Chris is an 'AFFIRMING SPOUSE'.
At the bottom, there is a section titled 'Our Goals Together with SYMBIS' with three bullet points: '1. Obtain a clear picture of your personal and relational momentum for marriage.', '2. Gain new insights into your personalities and how they work together.', and '3. Gain new skills to strengthen your relationship for lifelong love.' The footer includes '© Drs. Les and Leslie Parrott', the 'SYMBIS ASSESSMENT' logo, and the page number '2'.
Arrows from the text blocks on the right point to specific elements on the report page: 'Marriage Momentum' points to the overview section, 'Mindset' points to the Mindset section, 'Wellbeing' points to the Wellbeing section, 'Context' points to the Context section, 'Dynamics' points to the Dynamics section, and '50+ Discussion Starters' points to the goals section.

- **Marriage Momentum** gives you an at-a-glance aggregate of a couple's entire report.
- **Mindset**: Research reveals 5 possible attitudes toward marriage. The SYMBIS Report not only shows you which one each person has, but how their mindsets mesh.
- **Wellbeing**: A marriage can only be as healthy as the two people in it. The report reveals the psychological, emotional, and spiritual health of each person as well as any "caution flags" needing to be explored.
- **Context**: One not only marries another person but also their circumstances, their "baggage." The Report reveals each person's social support, financial picture, and family of origin. Second marriages and blended families can also be addressed.
- **Dynamics**: The Report shows how two complex and unique God-given personalities combine on the issues that matter most: love, sex, communication, conflict, attitude and spirituality.
- **50+ Discussion Starters** baked into the pages of the report, ensuring success as a facilitator and lively engagement from the couple.
